

Faith in Action Ministry

Mission Statement

The opportunities to serve Christ and glorify His Kingdom are vast. *Faith in Action Ministry* wishes to challenge our NAFCON family by demonstrating our love to serve others, and ultimately Christ, with a renewed focus on 1)greater consistency, 2)visible bridge-building projects into our members communities 3)extending an invitation to all members and non-members regardless of age and 4)sharing the message of God's unconditional love.....without words.

Passion Assessment

In order for the **Faith in Action Ministry (The FAM Team)** to fulfill its' mission, goals/objectives and commitment we would appreciate you sharing with us where your passion to serve others might lie. The following simple assessment will allow you the opportunity to not only identify the area or areas you feel a passion to serve but also whether you would be willing to serve in a **Leadership** or **Servant** capacity.

You are in no way committed or obligated to assist with a project in your identified area(s) of passion when communicated with! This is simply an opportunity and invitation to serve others and Christ when an identified need arises.

The FAM Team will inform you of an opportunity in your identified area of passion via email with the project specifics; description, date, location, leave/return time, skill(s) needed, estimated number of people necessary, etc.

Thank You in advance for taking the time to share your servanthood passion(s) with us. Your willingness to serve will not only enable fun bridge building experiences into our communities but more importantly, demonstrate our desire to live a CHRIST-centered life...without words.

Check for upcoming project information by visiting the NAFCON website, www.nafcon.org and click on the Ministries tab. Should you have any questions, please feel free to email faithinaction@nafcon.org or call Tim Butt at (740) 975-8932. We welcome and value your input, suggestions and ideas.

Many Blessings,

The FAM Team

Directions

Please complete the information below and mark areas where you are most passionate. You will be made aware of opportunities to serve in these specific areas. If you would like to be on the leadership team in a given area check the "Leadership" line. If you would rather be a helper, please check the "servant" line. This will assist **The FAM Team** in determining whether we can satisfy an identified need when brought to our attention via a *Project Request Form*.
